How **YOU** can Help  
us Strengthen our  
Advocacy in the US

## Message From ONL President '22 Ferris Wehbe

- As we start the new year, my term as the President of Our New Lebanon has ended, I would like to thank the board, donors, and volunteers who kept us true to our mission to preserve Lebanon as a model of freedom and democracy, and I would like to congratulate the newly elected officers under the leadership of incoming President Fadi Kantar.

# Mission

➤ **“We strive to preserve Lebanon as a model of freedom and democracy.**

**We aim to promote peace, neutrality, freedom of religion and speech.**

**We support economic liberty and political independence. We aim to strengthen and expand the US–Lebanon relationship in ways that enhances the security of both countries,**

**We work to educate and guide decision-makers on the bonds that unite the two countries and matters of interest to the Lebanese American Community.”**

# Speaker Series

➤ Powerful conversations are guaranteed to inform, inspire, and enlighten. We offer our audience the opportunity to meet remarkable people who have changed Lebanon, the US, and the world.

# Advocating with Decision Makers in The U.S.

- We worked diligently towards one of our main goals: to increase the number of members of The Congressional U.S.–Lebanon Friendship Caucus to one hundred by December 2023. The caucus focuses on maintaining and strengthening the long-term relationship between the U.S. and Lebanon. Hence our quarterly trip to D.C. to connect with our elected officials.

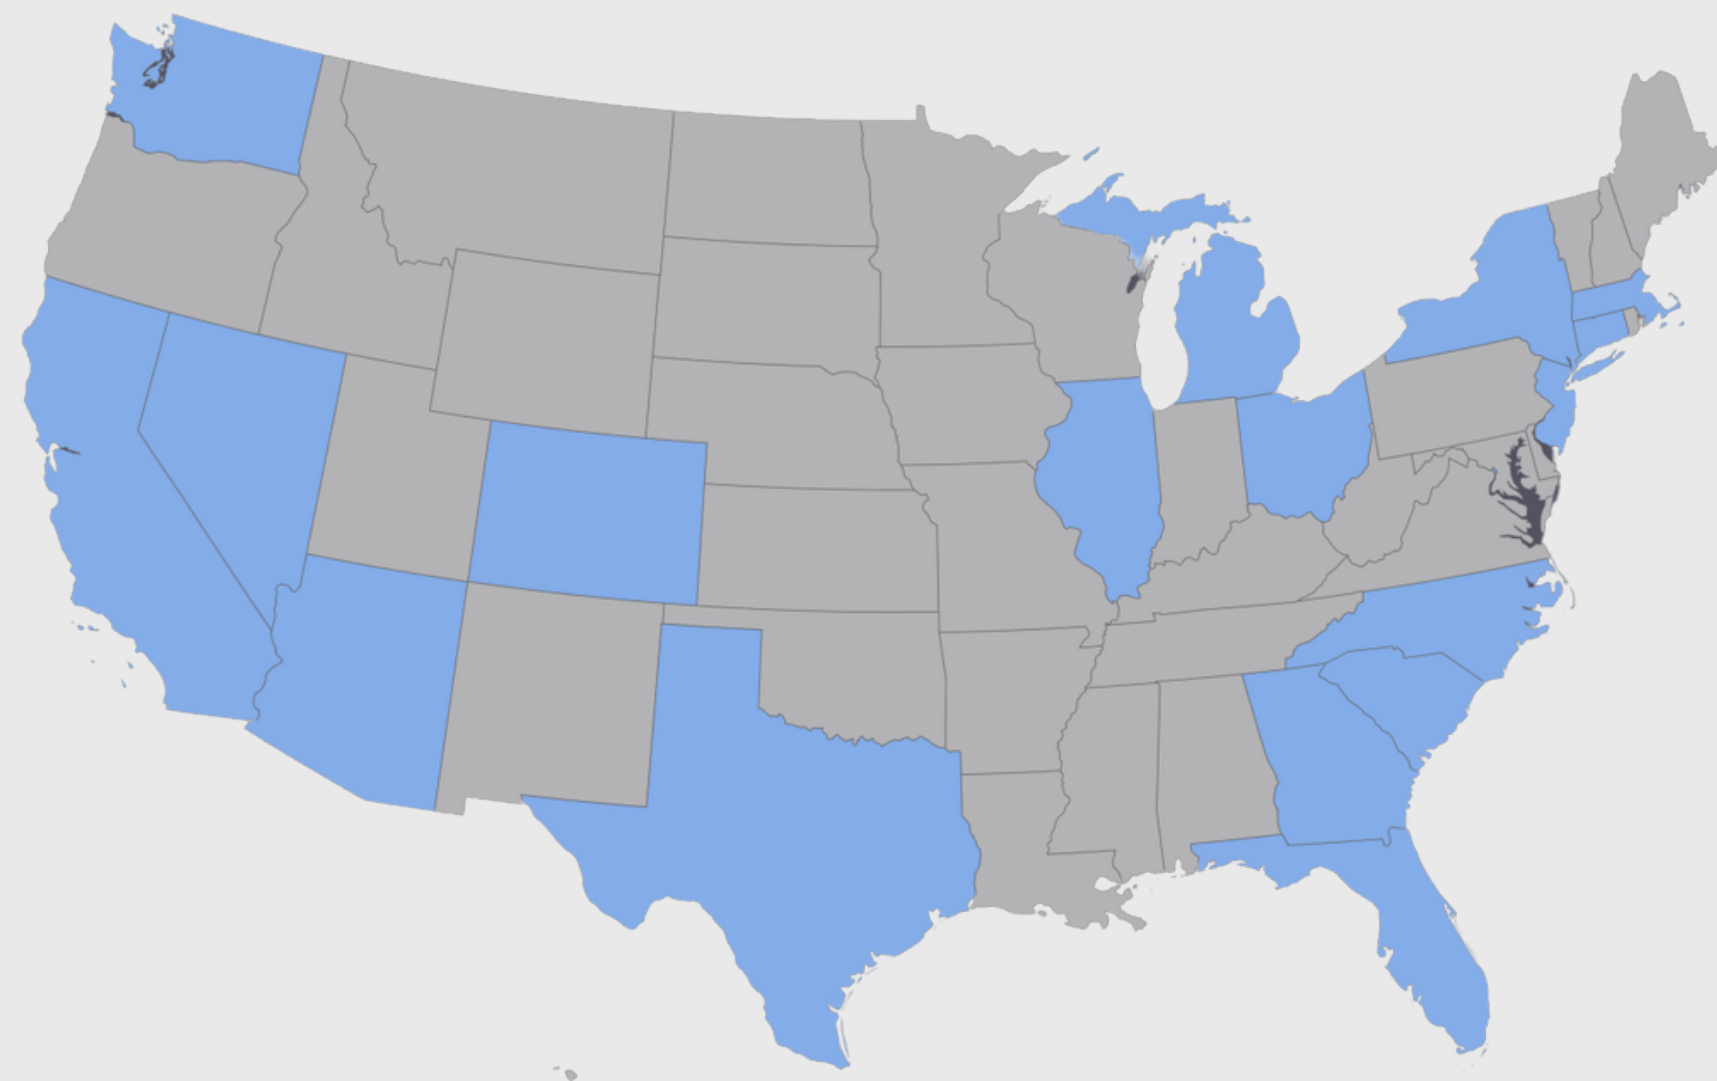

## The Lebanese American Coordinating Committee (LACC)

- Representing a coalition of eight like-minded Lebanese American organizations who decided to streamline their efforts and work together to support Lebanon's sovereignty, independence, and democracy. Click on this link to learn about the LACC's Vision, Mission, and Guiding Principles.

# Grassroots Outreach

- We made countless new friends and gave people hope, guidance, and moral and financial support at a crucial time. Our love for the countries we live in and our passion for Lebanon bonds us. We will continue to strengthen the LACC, establish a robust grassroots presence in all 50 States, increase the Congressional US-Lebanese Friendship Caucus to 100, and identify and recruit more donors to ensure we are building well-funded institutions that will outlast us all.
