## Personal Judgement in Pursuing Justice for the Beirut Port Blast Victims *-Addressing the Banality of Evil-*

### PROFILE

Walid graduated in 1991 from Ecole Centrale de Lyon. He holds a degree in Mechanical Engineering and a Masters in Petroleum studies from the French Petroleum Institutes. After spending several years working for, among others, Electricité de France, Total, Clarkson, San Leon Energy, and Delta Oil, he is now involved in carbon capture projects (CCUS). He founded Tigris Capital Advisors in 2009 and advises clients on energy projects. Walid promoted social responsibility and resolved the "energy trilemma" in large oil and gas projects early on. Walid cofounded Accountability Now (Acts-Now.com) immediately after the Beirut Port explosion. Accountability Now is an apolitical Swiss foundation committed to seeking the end of impunity for Lebanon's politicians.

### OUR NEW LEBANON

"We strive to preserve Lebanon as a model of freedom and democracy. We work to promote peace, neutrality, freedom of religion, and free speech. We support economic liberty and political independence. To strengthen and expand the US-Lebanon relationship in ways that enhances the security of both countries. To educate and guide decision-makers on the bonds that unite the two countries and matters of interest to the Lebanese American Community.
